

## Crow Brothers Opens Today

### Hopper Station Up For Early Opening

Jones County's Grasshopper hoppers station will begin operation Monday, June 19, according to Bill Lehman, Jones County agent.

Station will be located at the Farmers Co-Op Gin in Anson, and will be open Mondays and Fridays of each week until the infestations of hoppers makes it practical to keep the station open more days during the week.

Wayne Hendricks will be in charge of the station, he continued.

Due to a cut in Federal appropriation it will be harder this year to get bran and poison, but every effort will be made to keep the station open. At present, the station has 1,250 pounds poison, 40 sacks bran and two tons peanut hulls.

### Four Hamlinites On McMurry Radio Show

A program entitled "Vacation For All" will be heard tonight on KREC, Abilene, and "Life Is What You Make It" is slated for Saturday over KWKC, Abilene, both are programs given by the McMurry College, Abilene workshop for teachers.

It is under direction of Dr. Andrew W. Hunt, assisted by his wife.

Among the cast members are: Amanda Freeman, Jake Weir, Doyle Dean and Mrs. Ritta Freeman, all of Hamlin.

### Leading Hitters Listed In Softball League

Averages computed through games of Tuesday night in city softball league play reveal the following standings:

Player	Team	AB	H	Pct.
Hooper	Conoco	12	6	.500
McKennon	Neinda	8	4	.500
D. Butler	Lions	19	9	.473
K. Riddle	VFW	11	5	.454
Early	Sylvester	10	4	.400
Stapler	Lions	16	6	.375
Jennings	McCauley	11	4	.363
Green	Lions	14	5	.357
J. C. Riddle	Neinda	9	3	.333
Hamilton	Conoco	13	4	.307
Dean	Lions	13	4	.307
Dodd	VFW	13	4	.307
Carricker	Sylvester	13	4	.307

David Butler is leading the league in home runs with three and other extra base hits are not yet worthy of mention.

### BASEBALL SATURDAY

Manager "Duck" Weaver has announced to The Herald that a baseball game scheduled for the Hamlin Cardinals in Slayton has been called off as a Saturday night contest.

In the original game's stead, a game has been booked for Saturday night at the local park with the Merkel-Trent combination.

Game time will be at 8:15 p. m., Saturday, June 17.

### Quarterback Club Up for Organization As Aid to Pied Piper Football Fortunes

A move is being instituted in Hamlin for the formation of a Monday Quarterback Club which will function during the football season as a means of stimulating interest in the Pied Pipers as they go forth to battle on the gridiron.

Local men believe that the success in the past and prospects for like successes in the future are a definite asset to Hamlin in the statewide notice that the teams receive, and it is felt that an organization to work in close cooperation with the local coaching staff as well as members of the team will be of benefit.

No definite plans have been advanced as to whether the organization would meet in breakfast

### Replica of Liberty Bell Slated for Show In Hamlin As Incentive to Bond Drive

Tate May, President of the F. & M. National Bank of Hamlin, has been advised that Jones County is to be among the 88 counties which will be honored with a visit from the replica of the Liberty Bell on its Texas tour.

Program for the display of the replica will permit showing at Anson, Hamlin and Stamford.

The schedule calls for the bell to leave Sweetwater at 4:00 p. m. on Monday, June 26th and this should permit arrival in Hamlin at about 5:15 p. m.

It is felt that the arrival of the bell will serve as a stimulant to the bond sales in Hamlin, as the replica will arrive just prior to the close of the campaign on July Fourth.

May feels that Jones County is keeping pace with the sales drive and a suitable program incidental to the arrival of the bell will be arranged.

A great deal of publicity has been released in connection with the arrival of the bell in larger cities of the state with many notables participating.

### Jess Young Well Passes Pay Section

Of principal interest to Hamlin oil circles this week is the failure of the Wheelock Drilling Co. Jesse Young well to show signs of pay from any of the structures through which it has passed.

Thursday reports were that the well was at a depth of 5065 feet and had passed through about 10 feet of Strawn sand that showed no color or odor.

Next horizon to be watched will be the Strawn reef which should show at about 5150. The well is slated as an Ellenburger test and has been encountering very hard formation since passing 4100 feet.

Joe Culbertson's well was reported at 4600 feet with the Strawn sand expected at about 5050 feet.

An offset has been staked for a J. G. Whaley well which will be 660 feet west of the discovery well. This is to be drilled on the original Sohio Oil Company block.

Lester and Duffield have established a location on the Phillips land three miles east of Boyd's Chapel. This is to be a 3500 foot Swastika test.

An east offset to the J. P. Binghem well is said to be planned by Lester and Duffield.

Round Top Oil Company has started the G. A. Poe Number 10 in the Round Top field.

T. & P. Coal and Oil Co. has moved in rig in the J. D. Ferguson Tract Tucker Number 4. This is to be a Canyon test.

The same operator has made location for the Port Williams Ellenburger test.

C. L. Norsworthy is now drilling on the Hardin Simmons University land, which is two miles northwest of Royston. The location is about one-half mile east of the discovery well in that area.

### Thursday Softball Nets Expected Victories

Hamlin Lions spanked Neinda by a score of 16-9 in the curtain raiser for the local softball league Thursday night nad Hitson defeated Sylvester, 7 to 0.

Green was the winning pitcher for the Hamlin Lions and Ed Hill won for Hitson.

### Oil Rig Fouls Cables To Interrupt Phone Service to Subscribers

An oil rig passing through town Sunday morning failed to clear telephone lines and more than 600 telephones were put out of order.

Service to Hamlin Memorial Hospital, was one of the many out of order, along with many homes.

Some were restored late Sunday afternoon and the remaining were put back in order Monday morning.

### Monday Final Brings Thrills In Softball

Monday's schedule in the softball league brought its thrills as the final contest was reeled off between Conoco and Hitson.

Leading 7 to 2 going into the final inning, Conoco was hard-pressed to defeat the Hitson club when they rallied for four runs.

T. Hill was a strikeout victim for the final out with the tying and winning runs on the sacks.

Lippe was the winning pitcher. In the early game Neinda defeated McCauley, 6-3, with Fregey getting credit for the victory.

### Bond Drive Reaches 33 Per Cent of Quota

According to a report received by The Herald this week Jones County had attained a 33.41 per cent of its \$77,500.00 quota on the Independence Drive Sales of Series E Savings Bonds.

Report came from the Treasury Department, Dallas who stated that they expected an increase in next week's report.

Total for the county raised was \$25,895.75.

### DOUBLE SWEET

Charming Doris Day, Warner Bros. star, looks as sweet as she sings. She is fresh as a daisy in her navy chambray with gores of white eyelet inserted to make a circular skirt. The bolero is in matching white eyelet, and she sets off her costume with snowy white cotton string gloves.

### Big Number Is Lucky One for Girl Refugee

Twelve-year-old Dace Epermanis (holding flowers, left picture) gets a special send-off at Bremerhaven, Germany, when records of the U.N. International Refugee Organization (IRO) disclosed that she was the 150,000th displaced person to be admitted to the USA under its DP law. Her mother and father, leaving an IRO camp with Dace for their new home, stand with her in front of the sign. At right, Dace is shown aboard an IRO-chartered ship just after she first saw the towering buildings of New York. Large numbers of refugees from European lands have also received new homes in Israel, Australia, the United Kingdom, Canada, France, Argentina and Brazil.

### Lions Hear Solos As Luncheon Feature

Members of the Hamlin Lions Club were entertained at their Tuesday meeting with a group of solos presented by Mrs. Bob Nunley.

She was accompanied by Miss Jerre Lynn Irwin. Hit of the song offering was that dedicated to Travis Hash as a recent bride groom.

The club started a movement to erect signs at the four extremities of the town and received a report regarding fund raising activities for the Boy Scout Jamboree at Valley Forge, Penna.

### Paint Creek Water Decision to Come

Joe A. Culbertson returned on Tuesday from the Paint Creek water hearing at Austin of Monday.

Culbertson reports that principal point of contention was between Haskell and Stamford regarding rights to the waters of the creek.

He reported that when interrogated regarding what they would do with the waters of Paint Creek if they were awarded to them, Haskell replied that they had no funds to install pipe lines necessary for transportation of the water to their town.

Action of the board which conducted the hearing was deferred until a later date when announcement will be made.

Culbertson was questioned as to Hamlin's particular problem and he responded with the statement that as a former 12-year mayor of Hamlin he had seen the water supply exhausted four times, and that Hamlin was anxious to take out insurance against repetition of this experience.

It is interesting to note that a number of West Texas municipalities are attributing their losses in population to the water factor as a bar to location of industries.

Mr. and Mrs. Teddy Russell are vacationing in Minnesota.

### All-Star Softball Stamford Game Reset for June 23

Circumstances prohibited the appearance of the Stamford All Stars in a game scheduled with a group of Hamlin All Star softball players last Friday night and the game has been reset as a double header for Friday, June 23. The Stamford group has guaranteed that they will put in an appearance on the night of the 23rd and elaborate plans are being formed to present the best possible opposition for them on that night.

Final selection of the team to represent Hamlin will be contingent on the performance of the individual players in league play prior to the big game. A number of outstanding defensive players are not hitting the ball in their usual manner and it is possible that they will be benefited in favor of a stronger attack.

Bo Newland has been selected as manager of the local All Star group in the manner of the big league selection for all star games. Newland is manager of the VFW club which is the league leader in city softball play.

It is known here that Mickler is to pitch the first game for the Stamford club and his ability is well recognized throughout the area.

### Charles N. Shira Here After Year At Point

Charles N. Shira is in Hamlin for a short visit in the home of his parents. Mr. and Mrs. Ezra Shira, after completing his school year at West Point.

Shira is an outstanding athlete at the military academy and is a starting tackle on the football team for Army. He also lettered in track at the Point.

Before entering West Point, Shira was a student at Texas A. and M. College.

### New Development in Insect Spray Is Used for First Time In Hamlin Campaign

Spraying machines were busy Wednesday on both day and night shifts as new developments arose in the fight of the city against flies and mosquitoes.

A new spraying compound has been perfected which bears the recommendation of various cities in West Texas. The liquid is said to be substantially more effective than DDT sprays used in the past and was strongly recommended by Brownwood in particular. The spray is most effective in

destroying flies in the day time and does its best work against mosquitoes at night.

It has been particularly noticeable that mosquitoes are not a civic problem this year and city officials are encouraged in the success of their campaign. In addition to the use of spray trucks over the area of the city, hand sprays have been employed as a means of reaching the pests in the culverts and ditches. Capsules which react in water are also employed as a localized treatment.

### Lions Stage Rally for Victory Tuesday Night

The rampaging youngsters who comprise the Hamlin Lions softball entry in the local league were not to be denied Tuesday night when they engaged Sylvester.

Throttled by some phenomenal play on the part of Wisher at third base for Sylvester in the early stages of the game, Lions rallied with a four run outburst in the final inning to pull the contest from the fire.

Wisher handled eight chances at the hot corner without a bobble and his throws were a marvel in retiring the speedy Lions.

In the curtain-raiser Hamlin girls were no match for the Plainview club which was able to hit with ducks on the pond to get a 2-0 victory.

### Golf Tourney At Anson Draws Local Entries This Year

Local grass green enthusiasts are expected to turn out in numbers for the golf tournament being staged by the Anson golf club this week-end.

Qualifying for medal score was limited to Thursday play and the tournament will get under way with match play beginning Friday. Three days will be consumed in conduct of the tournament.

Large group of golfers from all over the sector is expected for the event and Hamlin has always been well represented in the event.

Entry is without restriction to the general public and several Hamlin golfers have already shot practice rounds in feeling out the course.

### VFW Perfect Record Holds Softball Lead

Standings of the Hamlin softball league through games of Tuesday night show VFW to be in first place with an unblemished record. Position with won and lost record and percentage is listed below:

	W	L	Pct
VFW	4	0	1.000
Conoco	2	1	.666
Lions	3	2	.600
Neinda	2	2	.500
McCauley	1	2	.333
Sylvester	1	3	.225
	0	3	.000

The position of Neinda and Sylvester will be materially changed at their next meeting when a tie game which was previously played and will be credited to the winner of the second encounter.

Mrs. W. L. Boyd returned to Hamlin last Wednesday after treatment in Hendrick Memorial hospital.

### Dr. and Mrs. Perrin Adopt Houston Infant

Culmination of one and one-half years of patient waiting came to Dr. and Mrs. E. D. Perrin Friday when they were notified that an infant had been found for their adoption in a Houston hospital.

A physician in Houston had been enlisted to secure an infant for adoption and after a number of unsuccessful efforts the child was obtained. A telephone call was received Friday that the tot was available but that it would be necessary that she be released by Sunday. So great was the joy of the Perrins that they were at St. Joseph's hospital to pick up the baby Saturday and they were back in Hamlin Sunday.

The child is nine days old today and weighed six pounds and one ounce at birth. She is a definite brunette and has been named Terese Elaine Perrin.

An interesting sidelight in connection with the adoption of the child is that word came of the availability just prior to a Mexican vacation trip for the Perrins which was cancelled when the news came.

### West Point Cadets Tell Rotarians Of Student Activities

Hamlin's Rotary Club met Wednesday at the Johnson Drive-Inn for their regular luncheon.

There were no visitors from other clubs.

Max Murrell, son of member Carl Murrell, gave an talk on school at West Point where he is a cadet.

He told of 15 men classes and how the academy is run. There are about 50 organizations or clubs on the campus. Many apply for graduate work after graduation.

Charlie Shira, son of the Ezra Shiras, after Murrell's talk answered questions of the local club.

Meeting was closed with the reading of the Cadet's Prayer.

### Hamlin Juniors Split With Stamford Group

As an emergency booking, the Hamlin and Stamford junior softball teams played a double-header here Friday night after the senior all-star team failed to arrive.

Hamlin was victorious in the first game when Stapler drove in two runs while Robert Fletcher was shutting out the Stamford club.

In the second game, Stamford reversed matters with a 3-2 victory as the result of loose play behind Sugar Green on the hill.

Baldwin pitched both five inning games for the Stamford club.

Mr. and Mrs. Bill Willis and daughter, Billie Karen, Stillwater, Oklahoma, have been guests in the home of Mr. and Mrs. Jerry Waggoner.

Mrs. W. H. Parker spent the week end in Lamesa visiting her sister, Mrs. C. M. Bassett.

### Wheat Harvest Nears Conclusion With Yield Generally Far Below Estimates

As the harvest season for Jones County's wheat crop nears its end, it was revealed in Hamlin Wednesday that yield for the Hamlin section of the county will be below previous estimates.

Advent of favorable weather has kept combine crews busy in the fields throughout the week and a more accurate gauge of the yield is possible as a result.

Opinion of growers and handlers is that the yield will not exceed 10 bushels per acre as a straight through average. Much higher yields have been reported from in-

### Gala Event Draws Interest of Trade Over All of County

Friday will find gala throngs in attendance at the formal opening of Crow Brothers new and enlarged grocery in Hamlin.

Under the management of D. D. (Slim) Crow and J. E. (Evert) Crow, the local establishment had far outgrown the original business structure occupied by the firm. Early in the Spring a contract was let for erection of an addition to the original structure and remodeling to Hardeman & Pittman, local contractors.

Outgrowth of the contract is a modern grocery establishment in which are featured hardwood floors, indirect lighting and central heating and air conditioning. Interior of the store has tastefully painted plaster walls with display racks which provide easy access to products displayed. A part of the original display racks were used in outfitting the new store and these were supplemented with a number of racks which were built by J. E. Crow, Jr., an employee of the firm.

The sales portion of the store is fitted with 15 fluorescent dome type lighting fixtures which are the latest type obtainable for commercial illumination.

New Hussmann vegetable and meat cases have been added and conveniently arranged along the walls of the store.

A Tyler dairy case is exclusively used for storage and handling of milk and cream and other dairy products. In addition, the firm has provided a Hussmann open top refrigerated case for display of cheeses and smoked meats.

F. M. (Pistol) Crow is also employed by the firm of Crow Bros.

Many special events have been planned for the celebration of the completion of the structure and representatives of distributors of nationally advertised food lines are to assist the regular store personnel.

### Grand Daughter Of B. H. Gardners Victim Of Rare Disease

Blue-eyed Louise Morrison, a granddaughter of Mr. and Mrs. B. H. Gardner, Sr., lies in a Dallas hospital, stricken with a rare form of leukemia which had puzzled Abilene doctors for days.

The child is in a very serious condition and the family is in daily contact with Dallas to check on her progress.

The two year old girl is the daughter of the former Frances Louise Gardner and has visited in Hamlin on many occasions.

Robert Morrison, father of the child is an Anson employee of the Halliburton Oil Well Cementing company.

### Donald Williams New Bryant-Link Addition

Donald Williams has been added to the staff of the Bryant-Link growing family of employees.

He will assist in the men's department of the store.

## Increase Shown In Santa Fe Carloadings

Santa Fe System carloadings for the week ending June 10 were 25,004 compared with 24,880 for the same week in 1949. Cars received from connections totaled

10,562 compared with 10,216 for same week in 1949. Total cars moved were 35,566 compared with 35,096 for same week in 1949. Santa Fe handled a total of 32,798 cars in preceding week of this year.  
Polo was developed in India.

## Guar To Get Trial Planting Program

Farmers in this area should be glad to learn about the trial plantings of Guar to be made in the next two months in the five county area of the California Creek Soil Conservation District. Guar is a new summer "heat and sun loving" legume which has proved itself in other areas as a very fine soil builder. Guar was introduced from India a few years back and has been planted with excellent results in the hot, dry portions of South Texas. Following Guar, farmers in Karnes county received a 22 per cent increase in cotton yields. Besides being an excellent soil builder it can also be used to a good advantage for grazing or making a hay crop. Guar hay contains 12 per cent protein and guar meal contains 30 per cent protein. Guar is also resistant to cotton root rot and can be planted on land unfit for cotton production.

Guar is planted the same time cotton is and matures at 120 days. It has been known to produce up to a 1,000 pounds of seed per acre.

Farmers making the planting will be: John Grand, Haskell; Jack Denson, Stamford; Dr. H. B. Hiterius, Avoca; and Bruce Taylor, Leuders.

## U-T Booklet Lists Favored Cotton

Jones County cotton farmers who want to know which varieties were preferred for the 1949-1950 planting in their area will find their answer in a University of Texas booklet report.

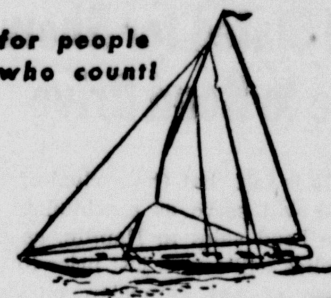

Information The Herald learned, was compiled by the University's Cotton Merchandising Research Laboratory from statistics supplied by ginners, seed breeders and county agents.

The report shows the percentage of 19 cotton varieties planted in each of 10 United States Department of Agriculture crop reporting districts in Texas.

Copies may be obtained from Cotton Merchandising Research, UT, Austin, Texas.

## Electric Cooking

has advantages for all!

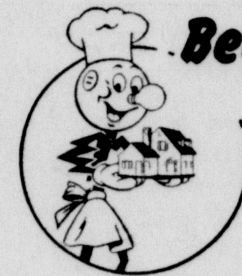

### Better for you

**FAST**... electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and nutritious results.

**COOL**... the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

**SIMPLE**... as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

**AUTOMATIC**... you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

### Better for your home

**CLEAN**... you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

**CONVENIENT**... once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

**MODERN**... electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

**LONG LIFE**... your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

### Better for your family

**SAFE**... no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over-charged with nitrogen to sweat up the walls.

**HEALTHFUL**... less water is used when cooking electrically; foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

**ECONOMICAL**... there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

**MORE FREEDOM**... your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean... you'll be out of your kitchen in a jiffy after mealtime.

See Your Electric Range Dealer Today!

## FAN TANS ARE FUN TO MAKE

Try your hand at Fan Tans—strips of yeast-raised dough piled one on top of the other, cut and placed in greased muffin pans. Let rise until doubled, then into a moderate oven about 20 minutes. Out they come—pretty little fans, tanned just so—and off to the table piping hot.

### FAN TANS (Makes 18)

$\frac{3}{4}$  cup milk  
 $\frac{1}{4}$  cup sugar  
 $\frac{1}{4}$  teaspoon salt  
 $\frac{1}{2}$  cup lukewarm water  
1 package active dry yeast or 1 cake yeast  
 $\frac{1}{2}$  cups sifted all-purpose flour

Scald milk, add sugar, salt, and shortening. Stir until dissolved. Cool to lukewarm. Put lukewarm water into a large mixing bowl. Sprinkle or crumble in yeast. Let stand until dissolved, about 10 minutes. Add lukewarm milk mixture. Stir in  $\frac{1}{4}$  cups of the flour. Beat until smooth. Add remaining  $\frac{1}{2}$  cups flour and mix until dough forms an irregular ball and comes away from sides of bowl.

Turn out on lightly floured board and knead until dough is tightly stretched, does not stick to board. Place in greased bowl and brush top lightly with melted shortening. Cover with a towel. Let rise in a warm place, free from draft, until doubled, about 1 hour and 25 minutes. Punch down with fist, pull sides into center and form into a ball. Divide into two parts. Roll out each part into an oblong about  $17 \times 10\frac{1}{2}$  inches and  $\frac{1}{8}$  inch thick. Brush lightly with melted margarine or butter. Cut with a sharp knife into crosswise strips  $1\frac{1}{2}$  inches wide and pile 7 strips together. Cut crosswise into pieces  $1\frac{1}{2}$  inches wide. Place cut-side up in greased muffin pans and cover with a towel. Let rise in a warm place, free from draft, until doubled, about 1 hour. Bake in a moderate oven,  $400^\circ$ , about 20 min.

## Hamlin Memorial Hospital News

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald were: Frank Williams, medical, June 5; Aubrey Lee Stinnett, medical, June 7; Mrs. J. B. Jayroe, medical, June 7; Mrs. Lewis Woolf, medical, June 7; Ruth Hunter, medical, June 8; Mrs. Doug Evans, medical, June 8; J. W. Perryman Jr., medical, June 8; Mrs. Carl Gullick, medical, June 9; Fred Kidwell, medical, June 9; Mrs. Lewis Madden, medical, June 10; Mrs. Henry Albritton, medical, June 11; Jeffrey Mac Fields, medical, June 11; Mrs. Vernon Sanders, medical, June 11; Lyla medical, June 11; Ray Cozart, Richardson, medical, June 11; Mrs. Marion Moyer, medical, June 12; Ray Dillard, medical, June 12; Mrs. Carl Gullick, medical, June 12; Mrs. R. D. Moore, medical, June 13.

Patients dismissed since last week's report were: Mrs. R. D. Harwell, June 10; Frank Williams, June 5; Mrs. J. T. Cox, June 7; Mrs. Jack Collins, June 7; Beverly Sue Meeks, June 10; Mrs. Weldon Carlton, June 8; Mrs. W. C. Kidd, June 8; Mrs. D. A. Brown, June 8; Mrs. Doug Evans, June 7; Frank Williams, June 8; Aubrey Lee Stinnett, June 9; Mrs. Lewis Woolf, June 10; Mrs. Doug Evans, June 12; J. W. Perryman Jr., June 12; Mrs. Carl Gullick, June 9; Fred Kidwell, June 10; Roy Cozart, June 13.

Pfc. William Roach, who has been stationed at Lackland Air Base at San Antonio, has been visiting his mother, Mildred Roach.

## Hopper Station Listed As Positive Aid In Control of 1950 Insect Menace to Crop

Indications are that insects will be even more of a menace to our crops in 1950 than last year, according to Bill Lehmborg, County Agent, in a report this week to The Herald. A mild winter and heavy rains in the late spring have brought this about.

Grasshoppers are hatching in the pastures and road ditches and should be controlled now while they are small. Both chlordane and toxaphene will give good results in the form of sprays. For chlordane, use one quart of 45 per cent emulsion or two pounds of 50 per cent wettable powder per 50 to 100 gallons water per acre. For toxaphene use one quart of 55 emulsion or  $2\frac{1}{2}$  pounds 40 per cent wettable powder per 50 to 100 gallons of water per acre. Both toxaphene and chlordane

are poisonous to man and animals and must be handled carefully. Keep insecticides containing chlordane or toxaphene off the skin and away from the eyes and nose. Bathe thoroughly and change to clean clothes daily after spraying or dusting. Do not feed forage treated with chlordane or toxaphene to dairy animals or animals being finished for slaughter.

If spraying is done in the pasture, stock should be kept off for three weeks.

Poison bran bait for controlling hoppers will be available in limited quantities this year. Due to a cut in government appropriations then the material on hand is used up, it will be hard to get any more. The Jones County Grasshopper Station has 60 sacks of bran, 50 sacks peanut hulls and

## ONE Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's smart, modern styling earned it the New York Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years running.

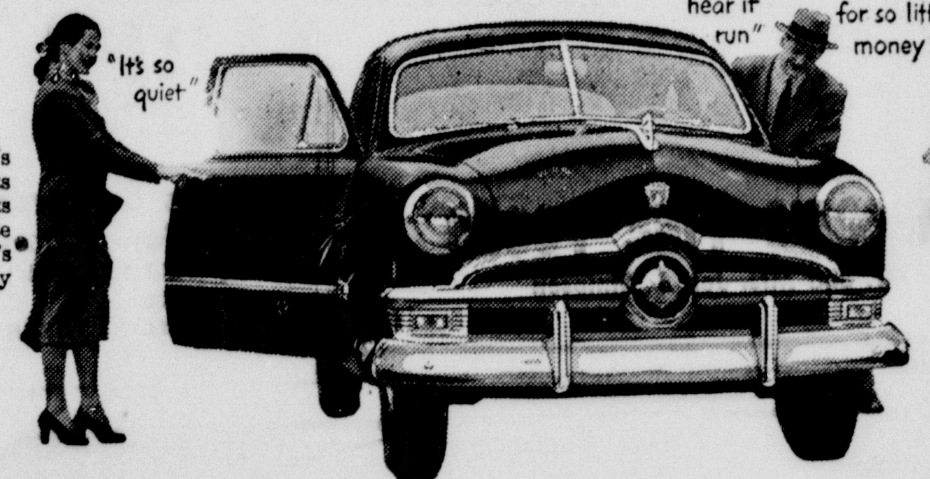

"It's the Fashion Car of the Year!"

"And it costs so little to buy!"

## ONE Listen

You can hardly hear the '50 Ford's powerful V-8 engine. For with all its road-mastering power it never raises its voice. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

"It's so quiet!"

"You can hardly hear it run!"

"And you go so far for so little money!"

## ONE Ride

A "Test Drive" and you will learn Ford's quality firsthand! You'll marvel at the performance of the 100-h.p. V-8, or its companion-in-quality, the 95-h.p. Six... the comfort of its "Mid Ship" Ride. You'll feel the safety of Ford's 35% easier-acting King-Size Brakes. And after you've come to know this car, you'll thrill to its complete economy—low first cost, great gas mileage, low upkeep and high resale value. You'll recognize that Ford's the "Big Economy Package" of the low-price field.

## COTTON QUIZ

Virginia Dare was the first  
white child born in Virginia.

For a short period from 1835 to  
1837 the United States Govern-  
ment was out of debt.

## Who ever heard of a "3"

## turning into a "4"?

That's no hocus-pocus. It can happen!  
In fact, that's what does happen  
to every \$3 you invest in U. S. Sav-  
ings Bonds. Every \$3 turns into \$4  
at the end of 10 years.

There's no trick to it, but it does  
seem like magic—and it's almost  
magic the way you can buy those  
Bonds.

Here's all you have to do. Just  
come to this bank and arrange for  
regular purchase of U. S. Bonds.

Then at the end of ten years, look  
what's happened! All those \$3's have  
turned into \$4's. Just like magic and  
just as wonderful!

## HOBBY BECOMES THRIVING BUSINESS

Mrs. Peter Soutar, Des Plaines, Ill., hit the jackpot when her doctor  
advised her to take up a relaxing hobby for her health. She began to  
make stuffed animals and other handwork from colorful print cotton  
bag material. Her work was so popular that Mrs. Soutar found herself  
taking orders as fast as she could fill them. Now Mrs. Soutar has a  
thriving business—which already has provided a college education for  
her daughter.

## Farm Cash Income in Three Percent Gain Oven April, 1949, Report Shows

Farm cash income in Texas  
totalled \$226,689,000 in April, a  
37 per cent increase over the  
March total and a three per  
cent increase over April 1949, ac-  
cording to reports to The Herald  
from the University of Texas Bu-  
reau of Business Research.

Cattle was the greatest source  
of income in April, bringing Tex-  
as farmers \$37,676,000. Income  
from milk products totaled \$9,-  
645,000; fruits and vegetables,  
\$4,480,000; and eggs, \$3,034,000.

Farmers in the Northern High  
Plains district turned in the large-  
est dollar income in April—\$39,-  
063,000. Black and Grand Prair-  
ies, with \$27,300,000, and Coastal  
Prairies, with \$25,480,000, ranked  
second and third.

With the exception of North-  
ern High Plains, down six per  
cent, all crop-reporting districts  
shared in the March-to-April up-  
turn in farm cash income. South  
Texas Plains registered a 224 per  
cent increase; Edwards Plateau,  
139 per cent; Trans-Pecos, 79 per  
cent; Lower Rio Grande Valley,  
50 per cent; Red Bed Plains, 35  
per cent; Southern Texas Prair-  
ies, 28 per cent; Black and Grand  
Prairies, 23 per cent; Western  
Cross Timbers, 17 per cent; Coas-

tal Prairies, 13 per cent; East  
Texas Timbered Plains, three per  
cent; and Southern High Plains,  
one per cent.

In comparison with April 1949,  
increased in farm cash income  
varied from 41 per cent in the  
Trans-Pecos area to two per cent  
in the Lower Rio Grande Valley.  
Declines ranged from 30 per cent  
in Coastal Prairies to three per cent  
in East Texas Timbered  
Plains.

After adjustment for seasonal  
variation, the Bureau's index of  
farm cash income stood at 213  
per cent of the 1935-1939 base  
period in April as compared with  
200 for March and 212 per cent  
for April 1949.

## Rev. Estes Chosen To Head Assembly of God

According to an announcement  
received this week Rev. Estes of  
Winters will be the new pastor of  
the local Assembly of God Church.  
Rev. Estes will replace Rev.  
C. R. Underwood.

Charlie Shira, a cadet at the  
United States Military Academy,  
West Point, is visiting his parents  
this week, the Ezra Shiras.

## Shivers Asks For Term of His Own

Governor Allan Shivers, in for-  
mally announcing his candidacy  
for a first selective term as Gov-  
ernor, said he has done his best  
to carry out a program for Texas  
in a manner acceptable to the  
people of Texas, adding:

"If I have succeeded, I will ap-  
preciate their votes for a term of  
my own."

Shivers, who assumed the Gov-  
ernorship last July, had not held  
a full-time governmental job be-  
fore becoming Governor. He was  
elected to the State Senate in  
1934 and twice re-elected. In  
1946 he was elected Lieutenant  
Governor and re-elected to that  
office in 1948. Born in Lufkin,  
he spent his boyhood in Tyler  
County and later moved with his  
family to Port Arthur.

During his public career Shiv-  
ers has given particular atten-  
tion to public welfare, rural roads  
and improved educational facili-  
ties. He was a co-author of Tex-  
as' original old-age assistance law  
and helped to write the tax bill  
which still meets the cost of old-  
age assistance. Under his lead-  
ership last February, the Legisla-  
ture approved a far-reaching re-  
form and improvement program  
for state hospitals.

"Between now and the July 22  
election I will continue to make  
known my views on important  
public issues," Governor Shivers  
stated. "I will emphasize facts  
and record of accomplishment,  
instead of easy promises, and will  
address myself to all the people of  
Texas rather than to any special  
group."

The Governor said he consid-  
ers economy to be the State's  
top problem. "And that means  
economy of money, of our soil and  
of our water resources," he ad-  
ded.

He expressed thanks to "the  
thousands of individual Texans  
who have already told me that  
they will support me in this elec-  
tion."

Washington's estate at Mt. Ver-  
non comprised 2,700 acres.

## Mealtime MARVELS

### RIBS AND BARBECUE SAUCE

Succulent barbecue cooked to a brown, crisp deliciousness in hot, spicy sauce is especially good for a supper party main course, for it is a pungent delicacy, yet economical.

#### Ribs and Barbecue Sauce

2-3 pounds ribs  
3/4 cup margarine  
1 teaspoon dry mustard  
dash cayenne pepper  
1 teaspoon tabasco sauce  
2 tablespoons tomato catsup  
2 tablespoons lemon juice  
2 tablespoons vinegar  
1 tablespoon minced onion  
1 small clove garlic  
1 tablespoon tomato sauce  
2 tablespoons chopped parsley  
2 tablespoons water  
Steam the ribs in a small amount of salted water for about 15 minutes. Mix all the sauce ingredients together and simmer gently. Arrange the ribs in a flat baking pan. Cover with the sauce and cook in a slow oven 300-325° F. for about one hour. Baste while cooking.  
For other tempting, nutritious food ideas, send today for your free copy of "Mealtime Marvels with Margarine," a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

**Bess Jones Becomes Bride of Lawrence Oliver**  
In Rites Solemnized at Rotan Saturday, June 3

Bess Jones, daughter of Rev. and Mrs. Dan D. Jones, formerly of Hamlin, was married to Lawrence Oliver, son of Mr. and Mrs. S. R. Oliver of Newton, Kansas, in home rites read by the bride's father in Rotan Saturday, June 3.

The bride's father, is pastor of the Rotan Nazarene Church, read the single ring ceremonies at 3:00 p. m.

The bride's brother, Dan C. Jones, a student at Texas Technological College, Lubbock, gave her in marriage.

Vows were said before the double draped windows in the living room, with nuptial appointments of pink and white gladioluses and plumosas arranged in tall, willow floor baskets.

Bride wore an afternoon frock of pink organdy over white nylon taffeta, fashioned with Peter Pan collar, short, puffed sleeves, and bouffant skirt.

For "something borrowed and old" she carried the white Bible that her sister had carried at her wedding. Topping the Bible was a white camellia, showered with lily of the valley, and nestled in satin ribbon and nylon net.

The bride was attended by her sister, Mrs. J. W. Reynolds of Hale Center, who wore a gown of pale green organdy over white, fashioned like the bride's. She also wore a corsage of pink carnations.

The bridegroom was attended by Ford Burkhardt of Newton,

Kansas, a high school and college classmate.

After the marriage, a reception was held. Mrs. Reynolds and Dortha Fry of Newton, Kansas, assisted by Mrs. J. T. Stephenson of Rotan presided at the reception table.

A tiered wedding cake topped with a miniature bride and groom under a canopy of wedding bells, centered the table.

Reception table was laid with a medallion lace cloth, decorated with pink and white carnations. Table appointments were in crystal and silver.

Beverly Oliver, sister of the bridegroom of Newton, Kansas, registered wedding guests.

The couple left for a honeymoon in Colorado. The bride wore a beige linen suit, with brown accessories, and wore the camellia from her wedding bouquet.

Out-of-town relatives who attended the wedding party were: Mr. and Mrs. S. R. Oliver and son, Howard of Newton, Kansas; J. W. Reynolds and son, Joe of Hale Center; Mrs. R. I. Tubbs, Mr. and Mrs. J. T. Trigg and Mrs. Joe Baldrige, all of Lubbock.

Bride graduated from Artesia High School in New Mexico, and received a B. A. degree from Bethany-Peniel College, Bethany, Oklahoma.

The groom is a graduate of schools at Newton, Kansas, and later attended Bethany - Peniel College. He will enroll as an

Mr. and Mrs. Gene Richardson of Lubbock visited Mr. and Mrs. John Hymer and other relatives Sunday.

## MERMAID IN STRIPES

This attractive mermaid (who really has been swimming!) gets her quota of Vitamin D basking in the sunshine after her dip. She is wearing a glamorous Roman striped swim suit of cotton puckerette designed by Catalina. The two-piece cotton suit has a solid-colored back.

## House Party Honors Carmichaels in Cisco

Mr. and Mrs. Roy Carmichael and Lance attended a house party given by neighbors in the home of Mr. and Mrs. C. L. Carmichael on their farm near Cisco.

Singing of sacred songs was featured for the evening entertainment with Mrs. C. L. Carmichael at the piano. Dominoes and 42 games were played on the big Carmichael porch.

The Carmichaels have just remodeled their country home and this was a surprise gathering by neighbors. From 90 to 100 guests were present and were served cake and punch at the conclusion.

Mr. and Mrs. Simmons and son from Oklahoma City, Okla., were the guests from the most remote point. Mrs. Simmons is the niece of Mr. Roy Carmichael.

Mrs. Orval J. Turner and sons, O. J. and Jack, are visitors in the Howard home. The Turner family lives in San Angelo.

The Stanley Carmichael family is spending the week at Brush Ranch, New Mexico, as a vacation jaunt. They were accompanied by Miss Nadine Blount.

Foster Cook, superintendent of schools at Spur, was a visitor in Hamlin Tuesday and attended the Lions luncheon as guest of I. R. Hutchinson.

Mary Ann Gardner, Sherman, is visiting in the Charles Gardner home while her mother, Mrs. Ed. E. Gardner is in Hot Springs, Arkansas. Mary Ann is a sister of Charles Gardner.

## Services Conducted For Mrs. Elder Here Wednesday

Funeral services were conducted last Wednesday for Mrs. George Elder who died at the Lamesa General Hospital, June 6 at 8:30 a. m.

She was 76 years, three months and 23 days old.

Funeral services were conducted at the Hamlin First Baptist Church at 3:00 p. m. last Wednesday.

Services were conducted by Rev. A. R. Posey, pastor and Rev.

D. G. Reid of Bradshaw.

Pallbearers were: Martin Decker, Arnold Galloway, John Barnett, Martin Barnett, Anderson Soymour, Oliver Lee.

Interment was in the Afton Cemetery under direction of Barrow Funeral Directors.

She was survived by four children: Ora McMahan of Knox City, I. R. Elder of Muleshoe, C. D. Elder of Littlefield and Juanita Galloway of Lamesa. Ten grandchildren, five great grandchildren and one great grandchild, four brothers and two sisters.

Her husband, George Elder, preceded her in death in March 1933. And one daughter, Ruby, who died in January 1927.

Out of town relatives attending

the funeral were: Mr. and Mrs. I. D. Baxter of Bend, Mr. and Mrs. Edd Baxter and son, Audry of Bend, Mr. and Mrs. Jess Baxter and daughter, Mrs. Myrtis McClean of Lometa, Mrs. S. A. Baxter of Bend, Luther Baxter of Bend, Mrs. Lewis Landers of R. R. Sims and family of Eunice, New Mexico, G. W. Sims and family of Eunice, New Mexico, W. P. Sims and family of Eunice, New Mexico.

In character, in manner, in style, in all things, the supreme excellence is simplicity.—Longfellow.

Edgar Allen Poe is generally regarded as the originator of the modern detective story.

You can haul more loads . . .  
more miles . . . for less . . .  
with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.
